CENTRAL INTELLIGENCE AGENCY

PRIVACY ACT OF 1974

New and Amended Records Systems

AGENCY: Central Intelligence Agency.

ACTION: Proposed New and Amended Record Systems.

SUMMARY: The Central Intelligence Agency proposes to add seven new records systems to the existing records systems subject to the Privacy Act of 1974, 5 U.S.C. 552(a), Pub. L. 93-579. Also proposed is the amendment of two records systems previously promulgated in the FEDERAL REGISTER. The Agency's systems of records were most recently published in the FEDERAL REGISTER at Vol. 42, No. 184, pp. 48050-48074, 22 September 1977.

DATES: All written comments received by the Central Intelligence Agency will be considered before final notice is promulgated in the FEDERAL REGISTER. These must be received by 19 March 1979.

ADDRESS: Interested persons are invited to participate in the formation of these systems by submitting such written data, views, or comments as they may desire to: Chief, Information and Privacy Staff, Central Intelligence Agency, Washington, D.C. 20505

FOR FURTHER INFORMATION CONTACT:

Mr. George W. Owens, Chief, Information and Privacy Staff, Central

Intelligence Agency, Washington, D.C. 20505; phone 703-351-7486.

SUPPLEMENTARY INFORMATION: With the adoption of the proposed new systems of records, the Central Intelligence Agency would be permitted, in the case of: CIA-62, Office of Data Processing Security Clearance Records, to maintain current information on the clearance status of contractors, vendors, persons in the private sector and individuals in other government agencies that are associated with the Office of Data Processing; CIA-63, Security Access Records, to monitor accessing of Agency buildings by badged individuals and aid in the effective assignment of security personnel by the Office of Security; CIA-64, Inquiries from Private Individuals About CIA and its Mission, to ensure that inquiries from the general public were properly answered; CIA-65, Contact with the News Media and Index, to prepare a daily memorandum for the Director of Central Intelligence apprising him of the substance of telephone conversations with members of the various news media, which information is maintained on index cards; CIA-66, Manuscript Review, to maintain a record of what information proposed for release to the general public through speeches and published works of present and former Agency employees; CIA-67, Publishing and Speaking Engagement Clearances, to record clearance data for external speaking and publishing activities of present and former employees and permit awareness of what information was released to the public; and, CIA-68, CIA Personnel in Contact with Press, to maintain index cards on present and former employees who have had contact with the media. The amendment of CIA-20, Logistics Security Clearance Records, would permit its more efficient use through computer support. With the designation of CIA-64 through CIA-68 as records systems, certain changes were necessary in the description of CIA-39. Among other changes, the system name has been changed to read, "Publicity."
